e Interact
Interactions Beyond Email

MAILING SOLUTION FOR ANY ENTERPRISE

Reduce Costs

e-Interact offers premium features at low operational costs. It goes beyond being an Exchange / Lotus replacement - it's a complete messaging platform.

It can even integrate & co-exist with Exchange / Lotus servers to offer a hybrid messaging solution.

Clutter Free Interface

User-friendly Ajax based webmail enables access to advanced messaging and collaboration features. The intuitive and user-friendly webmail is fully mobile compatible.

The web-based graphical admin interface is fast, clean & comprehensive.

Sync All Devices

One-click provisioning for iOS & Android.

Enter a new contact on your phone and have it appear instantly in Outlook and your webmail as well.
